LEADING EDGE UROLOGY

46th DUKE UROLOGIC ASSEMBLY
and DUKE UROLOGIC
CANCER SYMPOSIUM

Thursday, April 3 – Sunday, April 6, 2014

PINEHURST CONFERENCE CENTER
in the historic village of PINEHURST, NORTH CAROLINA

 **Duke Urology**
A Division of the Department of Surgery

 **Duke Cancer Institute**

Sponsored by
 **Duke University School of Medicine**

Accommodations

HOTEL ACCOMMODATIONS

Duke has reserved a block of rooms. To reserve your room, please call the Pinehurst resort directly at 1-877-403-2874. At Pinehurst, you can meet all morning and still enjoy the beauty of an afternoon in the glorious Carolina sunshine, whether it's on the course, the courts, or the bikes in the charming Village.

GOLF ACTIVITY

Featuring 8 unique golf courses, making it the largest golf resort in America, Pinehurst will be on the world's stage as the site of the 2014 U.S. Open and Women's Open Championships two short months after the DUA conference. Duke has secured a very limited number of golf tee times on the world famous Pinehurst Course No. 2 for Friday, April 4, 2014. Due to extremely limited availability, golf is on a first come, first serve basis. The Friday activity slots are being held for only a limited number of golfing participants until Friday, November 8, 2013. To reserve your sleeping room and tee time, please call the Pinehurst resort directly at 1-877-403-2874. You may also reserve additional rounds of golf you wish to play at the same time.

TRAVEL

Pinehurst is situated at 80 Carolina Vista Drive in the Village of Pinehurst, North Carolina. Raleigh-Durham International is the most accessible airport to the resort. Pinehurst offers special rates from RDU via their in-house transportation department. Call (910) 235-8465 for reservations, which should be made at least 48 hours in advance. Once you're at Pinehurst, their in-house transportation team offers complimentary shuttle service within the resort property. With a US or Canadian driver's license, you may also enjoy use of an Acura RL, TL, MDX, RDX or the new ZDX for up to 3 hours off-property as part of their complimentary Acura Guest Drive Program.

CONFERENCE REGISTRATION

- \$300.00** **Physician Registration** to **Duke Urologic Cancer Symposium** (one day conference) includes Syllabus, Thursday Luncheon, and Reception
- \$150.00** **PA, NP, RN Registration** to **Urologic Cancer Symposium** (one day conference) includes Syllabus, Thursday Luncheon, and Reception
- \$575.00** **REGISTER BEFORE February 27, 2014 for EARLY BIRD REGISTRATION** for entire **Leading Edge Urology** four day conference
Physician Early Registration to both **Urologic Cancer Symposium** and **Duke Urologic Assembly** (four day conference) includes Syllabus, Thursday Luncheon, Reception, three breakfasts, breaks, and Saturday Luncheon
- \$675.00** **Physician Registration after February 27, 2014**
Physician Registration to **Urologic Cancer Symposium** and **Duke Urologic Assembly** (four day conference)
- \$400.00** **PA, NP, RN Registration** to **Urologic Cancer Symposium** and **Duke Urologic Assembly** (four day conference) includes Syllabus, Thursday Luncheon, Reception, three breakfasts, breaks, and Saturday Luncheon

Registration

Thursday, April 3, 2014

Session I ONCOLOGY: Localized Prostate Cancer

8:30 am	Welcome/Opening Remarks
8:35 am	Active Surveillance and Surgery – Moul
8:55 am	Contemporary Radiation Therapy – Lee
9:15 am	Hormones and Other Systemic Therapies in Non-Metastatic Prostate Cancer – George
9:35 am	Racial Disparities in Prostate Cancer – Patierno
9:55 am	Case Discussion
10:20 am	Break

Session II ONCOLOGY: Advanced Renal Cell Carcinoma

10:30 am	Differences in Outcome Between Academic and Community Medical Centers – Hirsch
10:50 am	Treatment Selection for Newly Metastatic Kidney Cancer – George
11:10 am	What To Do When First Line Therapy Fails – Harrison
11:30 am	Case Discussion
12:00 pm	Lunch in Carolina Dining Room

Session III ONCOLOGY: Bladder Cancer

1:00 pm	Surgery for Locally Advanced Bladder Cancer – Inman
1:20 pm	Neo-adjuvant and Adjuvant Therapy: Who Should Get It and Why – Milowsky
1:40 pm	Chemoradiation for Bladder Cancer – Lee
2:00 pm	Panel Discussion
2:20 pm	Break

Session IV ONCOLOGY: Immunotherapy in Urologic Cancers

2:30 pm	Cancer and the Immune System: The Basics – Nair
2:50 pm	Immunotherapy and Surgery – Inman
3:10 pm	Immunotherapy in Renal Cell Carcinoma: Is There Still a Role for This – Inman

3:30 pm	Case Discussion
3:50 pm	Break

Session V ONCOLOGY: Advanced Prostate Cancer

4:00 pm	Natural History and Hormonal Therapy for Metastatic Prostate Cancer – Freedland
4:20 pm	What To Do When Hormonotherapy Fails – George
4:40 pm	Cutting Edge: Molecular Characterization of Prostate Cancer – Harrison
5:00 pm	Panel Discussion
5:30 pm	Adjourn

Friday, April 4, 2014

Session VI ONCOLOGY: Renal Cell Carcinoma

8:00 am	Cytoreductive Nephrectomy and Metastectomy – Rampersaud
8:20 am	Surveillance of Renal Masses – Uzzo
8:40 am	Management of Alternative Histologies in RCC – George
9:00 am	Panel Discussion
9:20 am	Break

Session VII UROLOGY: Focal Therapy

9:30 am	Modern Imaging of Renal and Prostate Tumors- Impact on Focal Ablative Therapies – Gupta
9:50 am	Prostate Focal Therapy: Cryotherapy and Nanoknife – Polascik
10:10 am	Prostate HIFU – Robertson
10:30 am	Renal Focal Therapy: Cryotherapy and Radiofrequency Ablation – Polascik
10:50 am	Panel Discussion
11:10 am	Break

COURSE DESCRIPTION

With over eight decades of experience in caring for patients with urologic diseases, Duke's Division of Urologic Surgery has established itself as a world leader in urologic care, research, and education. The Duke Urologic Assembly began in the 1970's and was held annually at Pinehurst; we are excited to return to our roots at Pinehurst for the first time in decades. LEADING EDGE UROLOGY: 46th Annual Duke Urologic Assembly will evaluate the most recent advances in the diagnostic evaluations, therapeutic options, management of complications, and technologies that provide leading edge care to patients. Participants will be engaged through moderated discussions and interactive lectures on the latest evidence-based approaches to managing a wide range of urologic conditions across the spectrum of life.

In partnership with our colleagues in the Duke Cancer Institute we will designate Thursday of the DUA for the DUKE UROLOGIC CANCER SYMPOSIUM; a full day CME event featuring lectures by Duke and guest Medical Oncologists, Radiation Oncologists, and Urologists speaking on the latest diagnostic, medical, and surgical aspects

of urologic cancer management. There will be separate as well as combined registration for the Cancer Symposium with the DUA.

STATEMENT OF NEED

Improvements in the treatment of urologic conditions generate a great need for knowledge and up-to-date information for providers and health care professionals. An outstanding roster of speakers in a comprehensive, scientific program encompassing the sub-specialties of urology, as well as medical and radiation oncologists treating urologic malignancies has been assembled. This conference is an integral part of continuing education for health care professionals nationwide.

TARGET AUDIENCE

Addressing current issues and technologies in the practice of Urology, this conference will enhance knowledge in treating urologic conditions and help improve patient care by Urologists; Medical Oncologists; Radiation Oncologists; Internal, Family and Geriatric Medical Practitioners; Physician Assistants; Radiation Technicians; Nurse Practitioners; Nurses; Residents; and other Allied Health Medical Staff.

Session VIII UROLOGY: Other GU Malignancies

11:20 am	Embracing a Neoadjuvant Approach for Upper Tract Urothelial Tumors – Walther
11:40 am	Early Stage Testis Cancer: How to Decide Which Avenue to Use – Robertson
12:00 pm	Panel Discussion
12:20 pm	Adjourn

Saturday, April 5, 2014

Session IX UROLOGY: Stones

8:00 am	Adjuvant Medical Therapy Following Surgical Stone Management – Preminger
8:20 am	AUA Guidelines for Imaging Known or Suspected Ureteral Calculi – Lipkin
8:40 am	Ureteral Stone Management - SWL v URS - Are we doing the right thing – Scales
9:00 am	Panel Discussion
9:20 am	Break

Session X UROLOGY: Endourology/Robotics

9:30 am	UPJ Obstruction – Ferrandino
9:50 am	Robotics – Eaton
10:10 am	Endoscopic Management of Ureteral Strictures – Lipkin
10:30 am	Open Management of Ureteral Strictures – Peterson
10:50 am	Panel Discussion
11:10 am	Break

Session XI UROLOGY: Renal Masses

11:20 am	Radiologic Work Up of Renal Masses – Leder
11:40 am	VICTOR A. POLITANO LECTURESHIP presented by Robert Uzzo, MD – Nephrometry Scores
12:20 pm	Adjourn

LEARNING OBJECTIVES

- Evaluate and outline management options for the patient with various urologic conditions
- Review the latest advances in the treatment of advanced prostate cancer
- Identify latest updates in management of bladder cancer, upper tract urothelial cancer, renal cell carcinoma, and adrenal disorders
- Extend improved patient counseling and generate patient satisfaction regarding therapy choice
- Examine concepts of the medical management of nephrolithiasis, as well as surgical therapy of both renal and ureteral calculi

ACCREDITATION

The Duke University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Sunday, April 6, 2014

Session XII UROLOGY: Pelvic Floor & Male Reconstruction

8:00 am	Management of Vesicovaginal and Ureterovesical Fistulae – Le
8:20 am	Rectourethral Fistula; Algorithmic, Team-based Approach to a Complex Problem – Peterson
8:40 am	Pharmacotherapy for Benign Urinary Tract Dysfunctions-State of the Art 2014 – Fraser
9:00 am	Panel Discussion
9:20 am	Break

Session XIII UROLOGY: Andrology

9:30 am	AUA Vasectomy Guidelines – Viviano
9:50 am	Non-Surgical Management of Peyronie's Disease: Options and Efficacy – Lentz
10:10 am	Advances in Medical Therapy for BPH – Scales
10:30 am	Testosterone Replacement Therapy and Prostate Cancer: An Update – Viviano
10:50 am	Panel Discussion
11:10 am	Break

Session XIV UROLOGY: Pediatrics

11:20 am	Contemporary Management of Vesicoureteral Reflux – Routh
11:40 am	Urinary Tract Infection in the Neurogenic Bladder: What We've Learned – Ross
12:00 pm	Managing Pediatric Voiding Dysfunction – Wiener
12:20 pm	Panel Discussion
12:40 pm	Closing Remarks
12:50 pm	Adjourn

CREDIT DESIGNATION

The Duke University School of Medicine designates this live activity for a maximum of *20 AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

2014 CONFERENCE MEDICAL DIRECTORS

John S. Wiener, MD

Associate Professor of Surgery
Associate Professor in Pediatrics
Section Head, Pediatric Urology
Department of Surgery, Division of Urology
Duke University Medical Center

Daniel J. George, MD

Associate Professor of Medicine
Associate Professor in Urology
Director, GU Oncology, Duke Cancer Institute
Department of Medicine, Medical Oncology
Duke University Medical Center

2014 Victor A. Politano, MD, Lectureship

GUEST FACULTY SPEAKER

Robert Uzzo, MD, FACS

G. Willing "Wing" Pepper Chair in Cancer Research
Professor and Chairman, Department of Surgery
Fox Chase Cancer Center
Temple University School of Medicine
Fox Chase Cancer Center
Philadelphia, PA

GUEST FACULTY

Richard C. Rink, MD, FAAP, FACS

Robert A. Garrett Professor, Pediatric Urology
Riley Hospital for Children
Indiana University School of Medicine
Department of Radiology, Division of Medicine
Indianapolis, Indiana

Matthew I. Milowsky, MD

Associate Professor of Medicine
Section Chief, Genitourinary Oncology Service
UNC Lineberger Comprehensive Cancer Center
Chapel Hill, North Carolina

DUKE UNIVERSITY FACULTY

Samuel H. Eaton, MD

Assistant Professor
Department of Surgery, Division of Urology

Michael N. Ferrandino, MD

Assistant Professor of Surgery
Director, Minimally Invasive Urologic Surgery
Associate Residency Program Director
Department of Surgery, Division of Urology

Matthew O. Fraser PhD

Associate Professor of Surgery
Department of Surgery, Division of Urology

Stephen J. Freedland, MD

Associate Professor of Surgery
Associate Professor in Pathology
Department of Surgery, Division of Urology
Member of the Duke Cancer Institute

Rajan T. Gupta, MD

Assistant Professor of Radiology
Director, Abdominal Imaging Fellowship Program
Department of Radiology, Division of Abdominal Imaging

Michael R. Harrison, MD

Assistant Professor of Medicine
Department of Medicine, Division of Oncology
Member of the Duke Cancer Institute

Bradford R. Hirsch, MD

Assistant Professor of Medicine
Department of Medicine, Division of Oncology
Member in the Duke Clinical Research Institute

Brant A. Inman, MD, MS, FRCS

Cary N. Robertson, MD, Assistant Professor
Department of Surgery, Division of Urology
Member of the Duke Cancer Institute

Ngoc-Bich (Nikki) Le, MD

Assistant Professor of Surgery
Department of Surgery, Division of Urology

Richard A. Leder, MD

Associate Professor of Radiology
Clinical Associate in Surgery
Department of Radiology, Division of Abdominal Imaging

W. Robert Lee, MD, MEd, MS

Professor of Radiation Oncology
Associate Professor of Surgery
Department of Radiation Oncology
Member of the Duke Cancer Institute

Aaron C. Lentz, MD

Assistant Professor of Surgery
Department of Surgery, Division of Urology

Michael E. Lipkin, MD

Assistant Professor of Surgery
Department of Surgery, Division of Urology

Judd W. Moul, MD, FACS

James H. Semans, MD, Professor of Surgery
Professor of Anesthesiology
Department of Surgery, Division of Urology
Member of the Duke Cancer Institute

Smita Kesavan Nair, PhD

Associate Professor of Surgery
Department of Surgery, Division of Surgical Sciences
Member of the Duke Cancer Institute

Steven R. Patierno, PhD

Deputy Director, Duke Cancer Institute
Professor of Medicine
Department of Medicine, Division of Oncology

David F. Paulson, MD

Professor Emeritus of Surgery
Department of Surgery, Division of Urology

Andrew C. Peterson, MD

Associate Professor of Surgery
Department of Surgery, Division of Urology

Thomas J. Polascik, MD

Professor of Surgery
Director, Society of Urologic Oncology Program
Director, Genitourinary Program on Focal Therapy
Department of Surgery, Division of Urology
Member of the Duke Cancer Institute

Glenn M. Preminger, MD

James F. Glenn, MD, Professor of Urology
Chief, Division of Urologic Surgery
